Lecture Notes - The Carter Center

Lecture Notes are health learning materials consisting of related discussion points for use by faculty as class lectures, student reading material, and study notes for the students. They are created using the same process as modules, except that initial drafts are from a collection of lecture notes from faculty members.

For Professional Nursing Students - [cartercenter.org](#)
lecture note is prepared to overcome the acute shortage of reference materials reflecting the national context and be used as a teaching material for nurses at various levels.
